

This is my thankful for essay submission. My name is Noah Acerenza and I go to Gardiners Avenue school. I am in fifth grade and my teachers name is Ms. Fermature

I'm thankful for being in school. Also having a family. Another thing I am thankful for is to have a house and for food. Having a house is nice because you don't want to live on a street it will be cold all the time and really hot in the summer. Getting a good education is good. It is nice to have a nice teacher. If you do not have a good education you will not get a job.

I'm thankful that hurricane Irene did not kill us it was crazy I love my family and thankful to be alive if that would of killed us we would of not be here right now it knocked out the power and we had no power the winds were crazy powerful were lucky it did not knock our house down it was scary I'm thankful to be here thank you.
