

This is my thankful for essay submission. My name is *Jeremy Sherrard* and I go to Gardiners Avenue School. My teachers name is *Ms.Fermature*.

Here is what I'm personally and worldly thankful for.

I'm personally thankful for my family because there always there for me and they love me. And they always help me with homework and stuff like that.

Environment- All the surroundings, conditions, and influences affecting the growth of living things. My worldly thankful is the trees and plants because they give us oxygen so we can breathe.

Those are two things I'm thankful for.
