I am thankful for, living, and having thanksgiving. Also for my parents, and their parents. I'm thankful for my family, and all they done for me.  
I'm thankful.

The clothing I wear, the food that I eat, I'm thankful for it. Also for the bed I sleep in, the house I live at, and the shoes I wear.  
I'm thankful.

I'm thankful for, getting to go to school. Unlike other kids, I live in america. I'm also thankful for my brother.

I'm thankful.

The first thing, I should be thankful about, is when my mom bought me into this world.

I'm thankful for that, and the fact I have a good life. I have an education, and a high amount of achievements to be achieved.

~~I'm thankful~~

I'm just thankful for, having a mother and a father, and also for family who loves me, and getting anything I need. I'm thankful for being thoughtful, kind, caring, nice, understanding. I'm thankful for everything.

~~I'm thankful~~
