

My fifth reason am thankful for is that I have money because some kids don't even have any money and that is why they cant buy any of the stuff that we have so what I am trying to say is if you have clothes and toys you should be happy with what you have like I am.

## This Is What I Am Thankful For

The first thing I am thankful for is my mom because some kids do not have moms. I am thankful for my family because some of the kids that don't have moms sometimes they don't have family either. That really sad to think about

I am also thankful for the food on thanks giving and the food I eat any other night because some kids have died because they don't have food. They also don't get presents on Christmas. I really fell bad for those kid and I wish I could help.

The third thing I am thankful for are my cloths because some kids don't have cloths either and that is why I donate some of my cloths. I also donate some of my toys instead of throwing them away. I only do that because that is the right thing to do.

My fourth reason is I am thankful for is my animals because animals are great to play with but some of the kids don't have enough money. I felt really bad.
