Thanksgiving

I'm thankful for the food on my plate every night and the warmness my mother gives me. I'm thankful for the education my teacher and school gives me and I'm thankful for the bed I sleep on every single night. I'm thankful for my friends and family members for helping me out on this tough journey (It's like a bumpy road) and I'm thankful for my cousin because he is a volunteer firefighter, E.M.T and saves lives every single day. I'm thankful for my grandpa's safety because he is in the hospital and my dad's safety because he has diabetes. I'm thankful for my Aunt Susie because she has cancer. I'm thankful for the needy, cancer and all the people that need help because people come and sing songs to them all and they are heroes to everyone.
