

I am thankful for the round,green and blue sphere in space we call home or better known as earth! I'm thankful for earth because of many reasons! I could go on and on giving you reasons why I am thankful fo earth!

One reason I am thankful for eatrh is because of the water supply we have on earth. I'm thankful for our water supply because we have a lot of it and without it we could die of thirst and the wouldn't be to pleasant now would it? Now I'm also thankful for water because without water we would never get to have pets because pet's need water also!

Another reason I am thankful for earth is our oxegyn. I am thankful for our oxegyn because we need oxegyn in order to breath or else we could die. Another reason I am thankful for oxygen is because this also gives our pets lige.

I'm also thankful for the climat. I am thankful for the climat because it predicts our every day daily life and without rain we would have no gardens, trees, grass, wheat, crops, and even some food to eat! I am also thankful for the climat because of Mr.Sun up ther in the sky all bright and yellow! I'm thankful for him because of all the heat rays he gives off and energy! He also is one to make our plants grow, and make trees grow! The final reason why I am thankful for the climat is because my birthday is in the winter so I get to go outside and play in the snow have friends over or go to friends house and do whatever I want! It is SOOOOOOO much fun!

I'm also thankful for the food we eat because it rubs of A LOT of nutrition wich makes our live's a lot healthier! If it were not for nuthrion we would het fat, be unhealthy, and lots of other things that are not real pleasant!

I am also thankful for Cato-Meridian! I am thankful for Cato-Meridian because it is the best small town ever! I have so much friends in Cato-Meridian to the point were if I ever had to move I would be devastated and I mean DEVASTATED! I don't know what I would do without Cato-Meridian! I

am also thankful for my sixth grade teacher Ms.Labaille! She is so fun to have because she is awesome!

That's what I am thankful for!
