I am thankful for my family because they take care of me. Also, they get me the food I need to live. They help me when I am stuck. They keep me safe. Last, they would get my soccer equipment ready. My family is the best ever!

I am also thankful for my pet dog, Dallas, because when I get off the bus he jumps on me. He brings me his bone when he wants to play. He sits down at the table when we ate dinner. He would fallow where ever I went. Finally he likes to play soccer with us outside in the back yard. My dog is the best dog in the whole world!
