

So much depends upon  
The wonderful dreams  
Of God and the gateway  
To life and love  
The oxygen in the atmosphere  
That helps us breath  
The understanding of family  
And friends or the feeling  
Of life and death  
Thanksgiving doesn't mean  
to eat food or get new things  
it means to be thankful and  
spend time with family  
Thanksgiving is about belief and heritage  
I am thankful for every day life
