## **Clocks**

I am thankful for clocks because they tell time.  
They tell you when to get up or go to school.  
My favorite clock is an alarm clock because...  
it wakes you up to get ready.  
Some of the clocks are sun clocks, water clocks,  
alarm clocks, and wall clocks.  
That is what I am thankful for.  
Without clocks I would miss my bus everyday  
and my teacher would not be a happy camper.
