

Thankful

By Ethan Baksh

I am thankful for my family because my mom helps me with problems I have, like when I lose something she'll always find it back. I am thankful for having a sister because she explains something to me when I don't understand it. I am thankful for having a father because he encourages me to do a lot of things even if I don't want to do it. I am thankful for having an uncle because he plays with me. I am thankful for having an aunt because she is really funny. I am thankful for having a grandmother because she makes the best food. I am thankful for having a grandfather because he helps make the good food. And that is why I am thankful for having a family.
