

## Kennedy Nealy

In life people are thankful for many things, I am thankful for my family. I am elated to have them in my life . I would love to write about my family because they care for me and they give me shelter and food on my plate.

Sometimes I might not agree with them and get angry, but I'm really not . I can't be angry at them because they are role models to me. They show me what kind of adult I should be when I grow up. Another reason I am thankful for my family is that they raised a wonderful young lady. They always tell me do what you have to do so you can do what u want to do. This is my motto I say when I have a important task to do. Another saying my family members say is when life gives you lemons you make lemonade.

All these reasons show that I, Kennedy Tristan Davis-Nealy, is thankful for a warm and loving family. They are the best family anyone in the whole world could ever have.
