What Am I Thankful For?

I am thankful for a lot of things in life. I am thankful for the life I have because I have friends and family who care and love me because without them I'd be lost. She puts a roof over my head, food on the table, clothes on my back, and she loves me through thick and thin or whenever I need her next to me. I am thankful for my family who encourage me to do things I think are hard and putting food on table and for loving me forever.

In addition to my mother I am thankful for all the freedom I have. I am thankful for freedom because without I think I would be stuck in the house all the time and wouldn't be able to play sports or hang out with friends or have a good education. Police officers and fire fighters who are willing to risk their lives for others and are always there for emergencies.

Finally, I am thankful for being able to speak a different language because if I didn't I would feel weird because I would think people would be talking about others. I am thankful for all these things and I am lucky that I am able to do all these things.
