I am thankful for many things. I am very lucky. I have great parents who take care of me and help me. They make me feel good about myself. Many kids around the world do not have parents.

I am also thankful that I have a brother and a sister. They both play games with me. My brother is my best friend.

I am also thankful for my toys because many children cannot afford to buy toys. I'm never bored; I always have something to play with. I'm grateful for everything I have. My parents work very hard to give me a good life.
