There is nothing that I'm more grateful for than my family and my friends. My family and I always do fun things together and my friends always make me feel happy. I am extremely grateful to have such a wonderful family.

I am thankful for my family because we always do fun things together like going to our cottage in the summer and during the holidays. In the summer we go out on our boat, and go swimming and tubing. We also are lucky enough to go to Kiawah Island, South Carolina, or to Bar Harbor, Maine every year. Another reason I am thankful for my family is because they are always there for me when I need someone to talk to or need a little attention.

I am also very thankful to have such great friends. My friends always make me laugh or smile when I am feeling down or just to make me feel good. They make it fun to be around them all the time. I am also thankful for my friends because I never feel lonely around them. They cheer me up and always make something that doesn't interest me fun.

When I think back on this year I realize how lucky I am to have a great family, and great friends. I also think how I shouldn't take it all for granted and that I should be proud, to know such great people.
