

What are you most thankful for? I know I'm thankful for my parents and my friends. I'm most thankful for my mom because she takes me out to go places. Also I'm thankful for my friends because they have been there for me. My friends and my parents are what I'm most thankful for because, there amazing.

My parents make me thank them because of how nice they are. I really like spending time with them because each time we go somewhere we have a marvelous time. Unlike other families laugh and have a great time. I'm thankful again because each time I need my parents the there for me. If I have a problem in school or sports they will help me. I love my parents especially when they wake me up in the morning. When they bring me to the mall I'm thankful for that because each time we go, I get something. When they buy food so I can stay strong and healthy, I'm thankful for that.

Being with my friend is what im most thankful. I'm most thankful for being with my friends because each time you need your friends, they are there. If you're feeling sick or just don't feel well, they can help you. I'm thankful for my friends also because if im getting bullied, they are upstanders. Not bystanders. My friends can tell the teacher on the bully so they can help me. I love spending time with my friends because we do exciting and fantastic things. Like bike riding, sports, and go to the park. Sometimes we even go out to eat with both families together. I'm thankful for them, and they are thankful for me.

I remember when I was a little kid and I had my first friend name Shane Nolan. Then I had my first word when I was a baby. This name was Caleb, (a family member). That's when I realized that's what im most thankful for. Family and, friends.
