What are you thankful for this year?

I am thankful for my family.  
They're nice and sweet.  
With honey on top, I go to sleep.  
I wake up every day with a beautiful smile.  
I look at their face, I am hopeful to not cry.  
But when I hug them, they feel so soft, with  
thousands of love between their heart.  
When I hold their hands, the wind blows high.  
With love gosh comes and goes.  
When I am at school, I miss them so much.  
With loving hearts I am about to blush.  
Their love is just nice and sweet with honey on  
top.
