Mrs. Walsh

I am thankful for many things, but I can only name 2 things. This is what I am thankful for this year. It was a great year and I liked it.

I am thankful for my whole family. My mom likes to watch game shows with me. She records The Amazing Race every Sunday for us to see. Dad likes to build things with me like my mom's new work desk, a bookcase, or a wooden little car. Kendall likes to play Lego's and Pokémon. My sister sometimes lets me be a strong Pokémon.

I am also thankful for chess club. Mr. O'Leary sometimes helps us when we are stuck in chess. One time he came to a game of chess where I was and he took a picture of me. I get to be with my friends. Last week I saw Jade at chess club and I played chess with her. Whether I win or lose I still have fun.

This is what I am thankful for this year. I hope you all have fun this Thanksgiving. I know I will because I had a thankful year.
