

I'M THANKFUL

-----Nauroz Farhan {6 years old}

What I'm thankful for this year
Is to see a butterfly really near
In my garden I see so many roses
That I can smell them with my noses

What I'm thankful for this year
Is to get my stress out and my fear
In my class, I learned very good stuff
That's why I defeated rough and tough

What I'm thankful for this year
Is to have a sweet home right over here
Thanks to mom for giving me a good sleep
All her love for me I should keep

What I'm thankful for this year
Is to have a president every four years
If we have a very good president
He will do something good with confident
