

## What I Am Thankful For

I am thankful for school. I am thankful for school because I learn all the things you need to know as you grow up. I have also made friends and best friends in school. Over the years I have met men and women teachers. I have really liked them. I don't have a favorite teacher yet. I am thankful that all the teachers that I've had were nice to me. I also am thankful for P.E . I have learned new games in P.E

Another thing I am thankful for is that I have my own room and a nice warm house to live in. I have a huge basement that I can play in with my brother and sister. I am so lucky to have this space to play. It's like my own Kids Club.

I am also thankful for my family including God. God has created this world and made the things that we use to make things. The best thing he made was people and pets. My family is the Craig's and the Giametta's. The family member I look up to is my cousin Johnny. I am thankful for him because he plays baseball and he inspired me to be a baseball player too. Once he grows up and retires I want him to be my baseball coach. I like having 1 brother and 1 sister and a lot of cousins. I like having them because they are nice to me and don't hurt me or fight me 99% of the time. I love the family I live with and do not want to go to any other family.

I am also thankful that the Native Americans and the Pilgrims made Thanksgiving possible. This year, my brother has a birthday on Thanksgiving. He will be a teenager. I am so lucky I have a teenager for a brother. We will eat turkey and give thanks for all we have just like the Native Americans and the Pilgrims did. These are all the things I am thankful for.
