

What Makes Me Thankful

By Daniel Jacoby

Oh my gosh Emily are you ok. One day when we were playing baseball the ball went under my neighbor's car. So my little sister Emily wanted to get the ball but when she went under the car her foot was still there. When my neighbor got out to go to the store he didn't see Emily. When he got in his car as he was backing out Emily's foot was still there and he ran over Emily's foot. But when my dad and I heard the screaming my dad yelled, "**stop!**" So my neighbor immediately stopped his car and got out. Then my dad picked up Emily and took her across the street to the side walk. My mom called the hospital and an ambulance came and took Emily to the hospital. I am so thankful that it was only her foot and not anything else and that she is still **alive.**
