AT THIS TIME OF YEAR I AM THANKFUL FOR...

At this time of year I am thankful for many things, but my family and the home I live in are at the top of my list. My mom, dad and sister Maggie are very important in my life. Mom feeds me and buys me clothes when I grow. Mom and dad take good care of me and give me a roof over my head. Maggie, (my sister) makes me angry witch also makes me human. Magz is a real pain in the butt, even if she is a pain in the butt I love her. I say I hate her but I'm a liar. KK is my guinea pig. KK is very calm, gentle, and soft. She gives me confidence and kisses. Every day when I come home she is there to love me and make me feel important. Love is one thing I definitely have with my friends and family. The house I live in is very high on my thankful list. My house gives me a warm place to sleep and eat in. It is also a safe shelter to live in. I am a very lucky girl and I'm thankful for a lot of things and people.
