

*ESSAY-WHAT I AM THANKFUL FOR?
THANKFUL FOR EVERYTHING*

What I am thankful for is: to have notebooks, pencils and all the school supplies. Also, I am thankful for the opportunity to have a great education. Another thankful moment for me is spending time with my family, friends, and the memory of my ancestors. I get a lot of love and attention from my family and friends. I have to realize that my life is a good life and that I need to recognize it every day and say thank you to my parents no matter how mad they make me sometimes. I am lucky to have a family that loves me. I don't feel lonely because I have my own cell phone, and I can talk to my family and friends when I want to. When I grow up I want to be a lawyer and I hope I get a good education and especially to read better. Some people distrust me to keep my behavior excellent, but I know I can do better. What I am also grateful for is a good life and having three pets. The last reason that I am thankful is that I live very comfortably in my house, and anywhere we go we drive. I like that. I know that I am useful and never useless. I am lucky to have parents and a brother who love me and care through good and bad.
