I am thankful for many things. One thing I am thankful for is my family. Being thankful for them is necessary because they feed me and pay for things that we need. Nick is my brother and I'm thankful for him because he plays with me. We like to play on the trampoline and goof around together. He also comforts me when I feel sad or sick. My parents and my brother also look out for me and protect me. Like in a place like Sea Breeze my parents say if we get lost to go to a certain place to meet up. Another thing I am thankful for is my house. I'm thankful for that because it keeps me warm and dry. Without it I would be living on the streets. One Last thing I'm thankful for are my friends. My friends are worth being thankful for because they play outside and on Xbox. They also look out for me. When something might be dangerous they'll tell me not to do it. Some people don't have friends, but I have many. A lot of people don't have things to be thankful for, but I do.
