

**I am thankful for only one thing in my life. My family. One day I was hearing my mom talk about when my dad was going to take me to Rye Playland. Oh this is all about fun too. Another time my aunt was coming to visit, and she brought our cousin because she knows we love playing with him. We play a lot with him and our baby cousin too, but my older cousin hates my baby cousin. When I go to my dad's house only our baby cousin is there all the time because my older cousin lives in a different city. I still love playing with my baby cousin anyway. One time my dad brought me and my two brothers to a Chinese buffet where you buy the food the first time and the second you don't. Well mostly you could eat as much as you want. There is a lot about my family that makes my life fun and I love them all. This is why I am soooooo thankful for my family. I also know there are many of you out there that have a family like mine! Have a wonderful Thanksgiving to all of you people out there!**
