

Thanksgiving Day is very important to me because I am thankful for many things. The things I am most thankful for are my family and education. My family is very lucky because there are some people out there without any money, and even no food. Also my family moves out of their way to help me. When I am angry, sad, or not feeling well they always cheer me up. My family always makes sure I get home safe. They use up lots of money to get me clothes and sports equipment. I am very thankful for this.

I am thankful for my education, and am happy that I go to a great school with even better teachers. I'm very lucky to get a good education because many people in other countries have never even gone to school! Especially because you meet new friends in school and it is lots of fun. We also learn lots of things. Every day we have five subjects and four specials. So we learn a lot every day. Are you thankful for what you have too?
