

Cassidy Albano

I am grateful for my friends and family because they give you someone to talk to and to play with. I am also grateful for food and shelter because without food you would not survive and without shelter you would be cold and if it rained you would get all wet. I am also grateful for electricity because without it you would have no lights and you would not have any heaters or air conditioners. I am also grateful for animals because they can give you company and they can be food and most of all I am grateful for my dog daisy.
