

Erika Paredes
Grade 5
Ogden Elementary School

I'm thankful for many things. These are some of them: my life, my family, my friends, and my brother. Perhaps I am most thankful for him because he is in the army. I'm thankful that he serves our country. He and I are very close to each other. I love him very much.

I'm also thankful for my best friends, like Jackie and Anabel. If I didn't have them I would be alone. When I'm sad, they help me cheer up.

Another thing I give thanks for is shelter and food. Without my home, I would have nowhere to go and it would be cold. Also, I wouldn't go long without food and water.

I'm thankful for my life and my school. I wouldn't have my friends without school because that is where I met them.
