

Thanksgiving Story

When Thanksgiving comes around people should stop and give thanks for what they have. I am very fortunate to have both my parents. They are very caring and loving to me. Some kids do not have both parents in their lives so I'm lucky. Also, I am fortunate to have a nice house! And of course my loving cat! And I have a really nice bike.

I am thankful for my family, my dog, cat, mom, dad, friends, and teacher. And I am thankful for my mom and dad who work so that we can have all of the things we need. Please give thanks to your family members over the holiday's.
