

## Thanksgiving Story

Have you ever thought about how thankful you are? I am most thankful for my family because they help give me all the things I need. I am thankful for my brother because he loves me and we always play together. I have a whole bunch pets and I'm lucky to have them because they are part of my family!

I am fortunate to have many friends who help me when I need them. I am thankful for the air because it lets us breathe and keeps us alive. I am fortunate to have my t v. and my books because it keeps me entertained I am thankful for my ancestors because without I wouldn't be here. Finally, I am thankful for food because it is delicious. Please always stay thankful and enjoy your family
