What I am thankful for poem

*I am thankful for my family and all of my best friends,
And when we are all together, our friendship never ends,
I am thankful for my pets, and such a carefree life,
Were mistakes are nearly never fatal, and there is no reason to have
strife,
I Am thankful for my house, were my family and me, can stay safe and
sound, for all eternity
I am thankful for good doctors and all my opportunity,
And all the hopes and dreams I have for peace, love and unity.*
