I am thankful for when my cousins and friends play football with me. When I call anyone to play like, Michael we play football. We had a hang out Monday and we played foot ball! Michael kept hitting a van. Before that I had a hang out with Kevin on Friday. We played football too outside I said, “we can be a two man team.” Kevin said,” ya we have speed.” Then we played Madden 11. Then we started kicking the ball. Then we started tackling. I never gave up. Both hang outs were fun and funny.
