

What I'm Thankful for...

Hi my name is Darren. I'm going to tell you what I'm thankful for. I'm thankful for police officers. They protect us from people who make bad choices. I'll tell you more about community helpers.

Another community helper is a crossing guard. They make us safe by not getting hit by a car. A firefighter is another community helper. They take out fires by using a hose. A firefighter is one of the greatest heroes.

You should be thankful for community helpers. They're life savers. Also, risk takers. They're great people.
