What I Am Thankful for This Year

I am thankful many things. I am thankful for my family because my family always helps me when I need it. Whenever I need help with homework or chores, my family is there.

I am especially thankful for my parents because without them, I would not exist in this wonderful world.

I am thankful for my brothers. They are the best brothers in the world. Sometimes they bother me, but I still love them no matter what. I love my sisters too. They may not live with me, but they visit a lot and I love them.

I am thankful for a house and enough money for my family to live. I would never waste my parents' hard earned money. Many people are not as lucky as I am. They don't have homes or anything to eat. Some people starve to death. They cannot take showers or brush their teeth. They don't even have fresh clothing to wear. I am thankful that is not me.

I am thankful for being in a school in this country. In some countries, girls are not allowed to attend school. They work in factories and while the boys attend school.

I have a great teacher, Ms. El, who makes learning fun. I have an awesome principal, Ms. Glenn, who does a lot of work. I am also thankful for Mrs. Thompson, the computer teacher.
