What I Am Thankful for This Year

I am thankful for many things. One of the things that I am thankful for is my house. I am thankful for my house because I have a place to sleep and eat. If I didn't have a home, then I would be on the streets.

Another thing I am thankful for is my mother. My mother is the one who raised me and took care of me. She taught me many things and she is the only person I can talk to when I have a problem.

I am also thankful for the bees. I am thankful for the bees because they take pollen out of flowers, and that helps flowers grow. Also, I am thankful for the bees because they make honey and we mostly put honey in our food.

I am thankful for the trees and other plants. They give us air. If we didn't have plants, we would all be dead right now.

I cannot believe I'm about to say this, but I am actually thankful for school. I am thankful for school because I learn many things which will help me get into a great college. Once I complete college, I can get a wonderful job.

I am thankful for the people who helped me do great things. When I was about to give up, they made me work harder.

Lastly, I am thankful for my friend Cyhiera, because I have known her since kindergarten and she was my first friend.
