

Rachael Sereno

I am thankful for Mrs. Klefsky. I am thankful for her because I love school I love my teachers and I love to learn. I also am thankful for learning and that I am smart.

My favorite part of school is seeing my teacher I don't like when Mrs. Klefsky goes to meetings, but I love when she's here with us all day long." I love school as much as I love Mrs. Klefsky. She teaches us so many things I haven't even known. The best thing I've learned so far is writing because I love making stories."

I like when we go outside for recess." I am thankful for my teachers and my school as much as I love my family.
