What I'm grateful for

I'm thankful for a lot of things but I can't say it all

I'm thankful for my parents

saying all these give me a headache

another thin I'm thankful for are friends and family

when they come to dinner, it really is a please

there are more things

but I can't say it all

the last thing I'm grateful is Thanks giving.

My family gets together for Thanksgiving we celebrate the Pilgrims coming to American.

If we don't have these, we will not have the meaning of Thanksgiving.

What I am grateful for!!!!

What am I grateful for ...

I'm grateful for is having a family who loves me so much, also friends who take me in for who I am

On the inside. My Family loves me so much I don't know what I would do without them. I am really happy I get to get a lot of things a lot of people can't get such as a home, food, clean water and clothes !!!

A lot of kids not only my age older and younger don't get to go to school, I know it may sound GREAT but its really not. You wouldn't be able to make any friends or learn what you really should. You wouldn't be able to do any sports and then come home and expect you're FRESH and CLEAN water.

I'm grateful for the people who GIVE THEIR LIVES FOR US... that's really important that we give our thanks to them. I couldn't even do that [only because I don't like fighting or weapons] .

What I'm MOSTLY grateful for is ... God I know he is with me constantly with me. Don't worry if you think he's only with me because Gods not just with me he's with everyone, even with people that don't believe in him. God hopes for every to JUST be thankful, kind but there's just so many things God wants from us. Know remember he died for US. I believe we can all be grateful!!!!!!!!!!

I'm grateful for A lot, but the question really is are YOU gratefull .!!!!

Thanksgiving Day

There are lots of things to be thankful for. Here are some of the things I am thankful for.....

I am very thankful for my family and friends because they help me with things and they care about me. I am also thankful for my warm and strong house, healthy and nutritious food, clean water and a daily pair of clothes. I am thankful for the education that I have and that we do not have to pay for our education. I am so thankful that when I get home from school I have a nice kitchen full of food for me to eat. I am also happy and thankful that I have a kitchen and a bedroom just to myself, a toilet, tables to eat on because out there in the world there are kids that have one meal a day and that have to sleep on the ground, use the river as a toilet and then when people go to get water out of that river your germs are in that water and people drinking it could get really, really sick. I am really happy and blessed that my parents have jobs and that they have the money to take care of me and buy me things I need. I am also blessed that they get to spend time with me because some parents do not get any time to do stuff with their children. I am really thankful for the soldiers that are fighting in the war for our nation.

Happy Thanksgiving

WHAT I'M Thankful FOR

I am thankful for the veterans for putting their lives on the line for me

I am thankful for the freedoms that belong to thee.

I am thankful for a roof over my head, I am thankful for a bed.

I am thankful for food, to eat, I am thankful for water to drink.

I am thankful for a family who loves me dearly.

I am thankful for my younger siblings who love to play with me.

I am thankful for a school to be a place to learn because without it, I would make the wrong turn.

Thou these are times of struggles and were trying to survive,

I will never forget how much I got from that one god in the sky.

What I'm Thankful For

I am thankful for the things I have the things I need
The trees the leaves an and the honey bees
I am thankful yes I am.

What about the veterans what about them
The soldiers to, they're in war what a horror
The guns and the young men dying every day.
I am thankful for their service yes I am.

I am thankful for a roof over my head.
