

I am thankful for many things
One of them being Main Event's buffalo wings.
They're tasty, yummy and very hot
They burn my mouth a lot, a lot.

I am also thankful for the sports I play
I almost play them every day.
Hockey, soccer, and football are great
I like to play them at night and stay up late.

I also have such great friends
The fun with them never ends.
We talk, we hang, and we laugh all day
Why can't every day be this way.

Family is the most important thing
On our road trips we laugh and sing.
Ski trips, the city, the Brooklyn Bridge
We always return to 35 Ridge.
