What I am thankful for this year ?

ELA  
11-25-11

What am I thankful for this year! I am thankful for my mom and family for helping me get through my parents tough separation . I am also thankful for my mom for getting us a house, paying the mortgage, and giving us a wonderful life through all of our tough days these past few years. My brother and I are wonderful kids because of my mom giving us lots of love and raising us with great expectations. I am thankful for the hugs and kisses she gives us. Especially when she tucks me in at night. My mom goes out of her way to do anything she can for us, even when she doesn't have a lot of money. I am thankful for Daren who has helped make me smile and laugh on lots of occasions. He also has helped my mom take care of us and make us feel at home. I am thankful for my dad because he tries to spend more time with us lately, than he does with just himself. I am especially thankful for having a wonderful nana and papa who is always there for me whenever I need them. They always help take care of us, play lots of games, listen when I need someone to talk to and buys us things when we are good. I am thankful for having a brother that even when we don't get along I know he would always be there for me and protect me. He makes me laugh at times when I don't even want to smile. He also plays sports with me on good days.

I AM THANKFUL FOR HAVING A GREAT FAMILY WHO LOVES ME.
