

I'm Thankful For

I'm thankful for my friends, every one of them,
My loving family and the love they give me.

I'm thankful for my clothes that I wear,
And the education that always helps me learn.

I'm thankful for my health so I don't get sick,
And the air I breathe so I can breathe every day.

I'm thankful for my food so I don't go hungry every day,
And the water I drink so I'm never thirsty.

I'm thankful for my house that I live in every day,
And most of all I'm thankful for my countries freedom and
democracy.
