

*I am going to tell you about the people I am thankful for. I am thankful for my family. First I am thankful for my parents because they love me and let me go out with my friends. I am thankful for my sister because we hang out and she takes me shopping. I am thankful for my bigger brother because he lets me go to his house to see his baby daughter and his wife. I am thankful for my self because I get to do anything I want to do. I am thankful for my baby sister because with out my mom my baby sister because she makes me happy. That's why I like my family and if I wasn't born to this family I will never have a best sister and best brother in the whole world.*

*I am also thankful for music because I like to hear music very loud in my room. Music makes me feel better when I am upset. These are the reasons why I am thankful for my family and music. I wish everyone a very happy Thanksgiving!*
