

Thankful

Being thankful means thanking the people who did special things. I am thankful for my sister, dad, and mom. My dad takes me to cub scouts, baseball, and hockey. He also does other great and fun activities. He also takes me to the Yankees stadium and the Devils stadium.

My mom takes care of me she gives me food if am hungry. She gives me ice-cream if I am sick. She even lets me take a break from homework and lets me watch TV. She takes me to the toy store I'm as slow as a turtle picking my toy. I forgot she also helps me with my homework.

My sister is twenty she has fun with me in lots of ways though. She takes me mini golfing and roller-skating at the castle! She also takes me to the Bronx zoo. Up next she's going to take me to the Aquarium.

I am also thankful for hockey! It is the best sport ever! I get lots of goals I don't have a position yet. I also just started hockey. I love hockey it is lots of fun. There's one more thing I need to add it helps memy career.
