I am most thankful for my parents because they give me food and they teach me interesting things.

They take me to sports and special occasions. My parents also give me food and they teach me interesting things. For example how my mom teaches me how to play soccer more better.

My parents give me food everyday for dinner lunch and breakfast.

They take me to sports and special ecations. My parents also give me food and a place to live.

My parents are a great demonstration for me and I could not love anybody more! This is who am thankful and why.
