

# Thankful For My Family

## by Griffin Hoffman

I am thankful for a lot of things,  
but most of all my family.

I am thankful for my family,  
for everything they've done for me,  
like buying me presents,  
and taking care of me.

But one of the most important things is  
they're always there when I need them.  
I will always love them  
and they will always love me.
