

What I am thankful for is my life! I am thankful for my needs and wants: food to eat, water to drink, clothes to wear and shelter to live in. A want is all toys that are created like dolls, stuffed animals, and bored games. Another want is all technology created like PSPs, DSs, IPODs, ITOUCHEs, IPADs and all gaming devices.

I am also thankful for my wonderful , funny, crazy, loving family! They buy me gifts that I don't need like when I'm sick and also when I'm feeling down. They help me through tough issues like when someone is mean to me or when something bothers me and if I'm confused they help me out. My family cares for me. My brother give s m e band aids, my mom gives me medicine, and my sister helps me with my home work.

Another thing I'm thankful is my friends. My friends have different traits but they all are nice to me! One reason is they all help me in school, like when I don't know how to spell a word and if I get confused they help me. Another thing is they all comfort me like when I'm solitary at recess or when they think I'm feeling down.

That is why I'm thankful for my wonderful life!
