Park Slope Community Demands Justice

JESSE HAMILTON March 4, 2015

| ISSUE: **LABOR, MINIMUM WAGE, UNIONS**

Rabbi Ellen Lippmann and Senator Hamilton's Director of Community Affairs Raul Rothblatt at RWDSU rally for workers at Vegas Auto Spa.

Senator Hamilton issued a statement in support of Vegas Auto Spa workers:

"No worker should have to face abuse by an employer. Unions have long stood as a bulwark against employers making unjust demands like inadequately providing for employee safety. Failure to provide a safe work environment is unconscionable, as is failure to pay for time that employees put in on the clock. I stand with the Vegas Auto Spa workers and RWDSU because workers deserve safety. Workers deserve fair treatment. And workers deserve justice."
