Supporting Tech Ed Across Brooklyn

JESSE HAMILTON December 8, 2017

| ISSUE: **EDUCATION, TECHNOLOGY, CODING, HOUR OF CODE, ELEMENTARY & SECONDARY EDUCATION**

A pleasure to join with New Heights Middle School for a wonderful morning of families and students creating community through tech as part of the Hour Of Code, Computer Science Education Week 2017.

We also had the opportunity to share community support and resources beyond tech, including information about free lead testing services in December 2017 and January 2018.
