“Our message to all of New York’s students is simple – if you work hard and excel in school, we will help you earn a better life for yourself and your family for the next generation.”

~ Senator Jose Peralta

Dear Friend,

I have long supported giving all students in New York State access to the opportunities they need to succeed and prosper -- both in the classroom and the working world. That is why I am the lead Senate sponsor of the New York State DREAM Act.

Passing this legislation will not only give hope and opportunity to thousands of hard-working New York students, but will also create jobs, increase future tax revenue and ensure our state has the kind of educated, diverse, multi-talented work force we need to compete in the new economy.

I will not give up the fight to achieve the DREAM Act because I believe all New York students deserve equal access to earn a higher education. Other states across the nation have already passed their own versions of the DREAM Act. Let’s make sure New York is the next to provide this important opportunity to students who work hard and have earned our support.

Let’s invest in our children!

Sincerely,

Senator Jose Peralta
