

PUBLIC NOTICE

Pesticide Spraying – Grymes Hill, Livingston, Port Richmond, Randall Manor, Sunnyside, West Brighton, Ward Hill, and Westerleigh (August 3, 2010- August 4, 2010)

The New York City Health Department plans to spray pesticide (Anvil 10+10) to reduce the number of mosquitoes in your neighborhood.

- **Whenever possible, stay indoors during spraying.**
- **Some individuals are sensitive to pesticides. Persons with asthma or other respiratory conditions are especially encouraged to stay inside during spraying since there is a possibility that spraying could worsen these conditions.**
- **Air conditioners may remain on. If you wish to reduce the possibility of indoor exposure to the pesticides, turn fans and air conditioners off or set the air conditioner vent to the closed position, or choose the recirculate function.**
- **Remove children's toys, outdoor equipment and clothes from outside areas. If toys are left outside, wash them with soap and water before using again.**
- **Wash skin and clothing exposed to pesticides with soap and water.**
- **Always wash your produce thoroughly with water before cooking or eating.**
- **Anyone experiencing adverse reactions to pesticides should seek medical care or call the NYC Poison Control Center at (212) POISONS (764-7667).**
- **For more information, Call 311 or Visit www.nyc.gov/health.**

Spraying will take place Tuesday, *August 3, 2010* between the hours of 8:15 P.M. and 6:00 A.M. the following morning, weather permitting

- **Alternative Spray Dates: *Wednesday, August 4, 2010* between the hours of 8:15 P.M. and 6:00 A.M. the following morning, weather permitting**

Neighborhood	Boundaries	Zip Code
Grymes Hill, Livingston, Port Richmond, Randall Manor, Sunnyside, West Brighton, Ward Hill, and Westerleigh	Bordered by Bement Avenue, Forest Avenue and Victory Boulevard to the East; Kill Van Kull to the North; Jewett Avenue to the West; and Victory Boulevard to the South	10301, 10302, 10310, 10314

PROTECT YOURSELF AND YOUR COMMUNITY FROM MOSQUITOES

- **Mosquito repellents help prevent mosquito bites. Always read and follow the instructions provided on the repellent's label. Use repellents that have been approved by the US EPA and the New York State Department of Environmental Conservation.**
- **Wear long sleeves and pants outdoors in the evening and early morning, when mosquitoes are most active.**
- **Eliminate standing water to keep mosquitoes from breeding.**
- **For more information, visit nyc.gov/health, or call 311.**
