

NEW YORK STATE SENATOR

Pamela Helming

Statement from Senator Helming on Ontario County Flooding

PAMELA HELMING July 20, 2023

| ISSUE: **FLOOD RELIEF**

Statement from Senator Helming

I have contacted the Governor's office and the Commissioner's office at New York State Homes and Community Renewal to ask that emergency repair grants be made immediately available to Ontario County property owners impacted by recent flooding.

I continue to speak with many homeowners, and with local and county officials, and know there is great need. So many are doing their part in our local communities to help their neighbors, giving their time and money.

Our state and federal governments have been good partners to us during this time and I'll continue to press for the resources we need locally.
