Statement From Senate Republican Leader Rob Ortt On Migrant Arraigned on Rape Charges in Western New York

ROBERT G. ORTT August 8, 2023

| ISSUE: **MIGRANT CRISIS, ASYLUM SEEKERS, IMMIGRATION, WESTERN NEW YORK**

Another day in New York, and another failed Democrat policy has led to another victim.

New York City continues to ship migrants to upstate communities with no transparency or communication, and now one of these migrants has been **charged with rape**.

This disgusting individual was brought to Western New York courtesy of failed Democrat “sanctuary” and open border policies which have created chaos across our country, state and now here in Western New York.

All while hardworking, tax-paying New Yorkers and Americans continue to foot the bill.
